If you're looking for luxury on one level designed to maximize wide open views, then you'll love this plan. The large, gourmet kitchen includes a walk-in pantry and a large central island. A cozy in-law suite resides on the opposite side of the house from the master suite with a great sitting area. Decorative ceilings highlight the dining room, living, and master bedroom. The expansive master suite tucked to the rear of the home provides privacy, while the whole family will find it easy to congregate in the large great room with a cathedral ceiling. A formal dining room, a wing of secondary bedrooms and a huge bonus room with it's own bathroom complete the home.
